

New Induction Industrial-Style Range

The new Bosch industrial-style free standing range is designed to perform but also makes a statement in your kitchen.

Innovative induction technology offers fast precise and efficient cooking.

Bold design meets high performance.

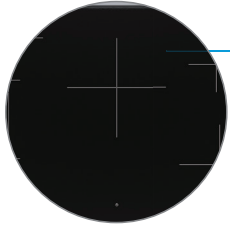

Inclined Digital Display

The **Inclined Digital Display** is a sleek addition to this beautiful range that is easy to use and view.

Power 5,500W Element

Edge to edge glass surface is sleek and **Bosch's Most Powerful 5,500W Element** delivers maximum power (36" model)

CombiZone

CombiZone combines 2 induction zones into 1 larger area for greater cooking flexibility.

Temperature Probe

The **Temperature Probe** monitors roasts to your desired doneness for perfect results every time.

QuietClose Door

Dampened hinges softly guide the **QuietClose** door shut so your oven never slams shut

All-In-One Oven

This brilliant **All-In-One** Oven combines multiple tools into one. It's a roaster, baker, pizza oven and more.

Industrial-Style Ranges

Gas and Dual Fuel

Dishwasher-Safe Grates

With a special enameling process, the heavy-duty continuous surface grates can be easily and quickly cleaned in the dishwasher instead of by hand.

Dual-Flame Power Burner

Allows for better heat distribution and more uniform cooking. One burner takes you from a high power double flame for boiling or searing to one small flame for precise simmering.

Easy to Install

Our easy to install range design fits any standard freestanding range cutout for a flush look (25" depth).

Porcelain Enameled Surfaces

The easy-to-clean black enameled cooking surface is sturdy and resists scratches and stains.

High-Efficiency Burners

High efficiency burner technology requires less gas BTUs to achieve a faster boiling time, resulting in energy and time savings.

Temperature Probe (Dual-Fuel only)

The temperature probe measures the internal temperature of meats cooking in the oven and automatically shuts off when desired temperature is reached.
